

Comprehensive Screening

This week, we're going to talk about Comprehensive Screening. We have taken the following steps:

1. Preventative screening of employees, including self-assessment of possible COVID-19 symptoms.
2. A traceability questionnaire that asks if you've come in contact with those who've contracted COVID-19 or shown symptoms.
3. A questionnaire to fill out before you return to work if you have been sick or been in contact with those who have been sick.
