

Stop the Spread:

Here are important steps you should take to Stop the Spread by correctly using disposable face masks:

A. How to Use:

1. If available, you will receive 1 per shift, or extra if needed (loss, wet, dirty, etc.).
2. Before use, wash your hands with soap and water for 20 seconds.
3. Mouth and nose should be fully covered.
4. Secure with ear loops.

B. How to Remove:

1. Remove it from behind (do not touch the front of the mask).
2. Wrap it in a clean paper towel, if it is going to be reused.
3. Discard gloves.
4. Wash your hands with soap and water for 20 seconds.

C. Taking Care of It:

1. Avoid touching while wearing it; if you do, wash your hands for 20 seconds.
2. When not in use wrap it in a clean paper towel.
3. A paper towel may be used inside of it for an extra filter layer.

D. How to Discard:

1. It should be discarded at the end of the shift or before, if wet, dirty, damaged.
2. Discard it in a trash can.
3. Discard gloves.
4. Wash your hands with soap and water for 20 seconds.
